Notice to Architects Participating in the School Issue . . .

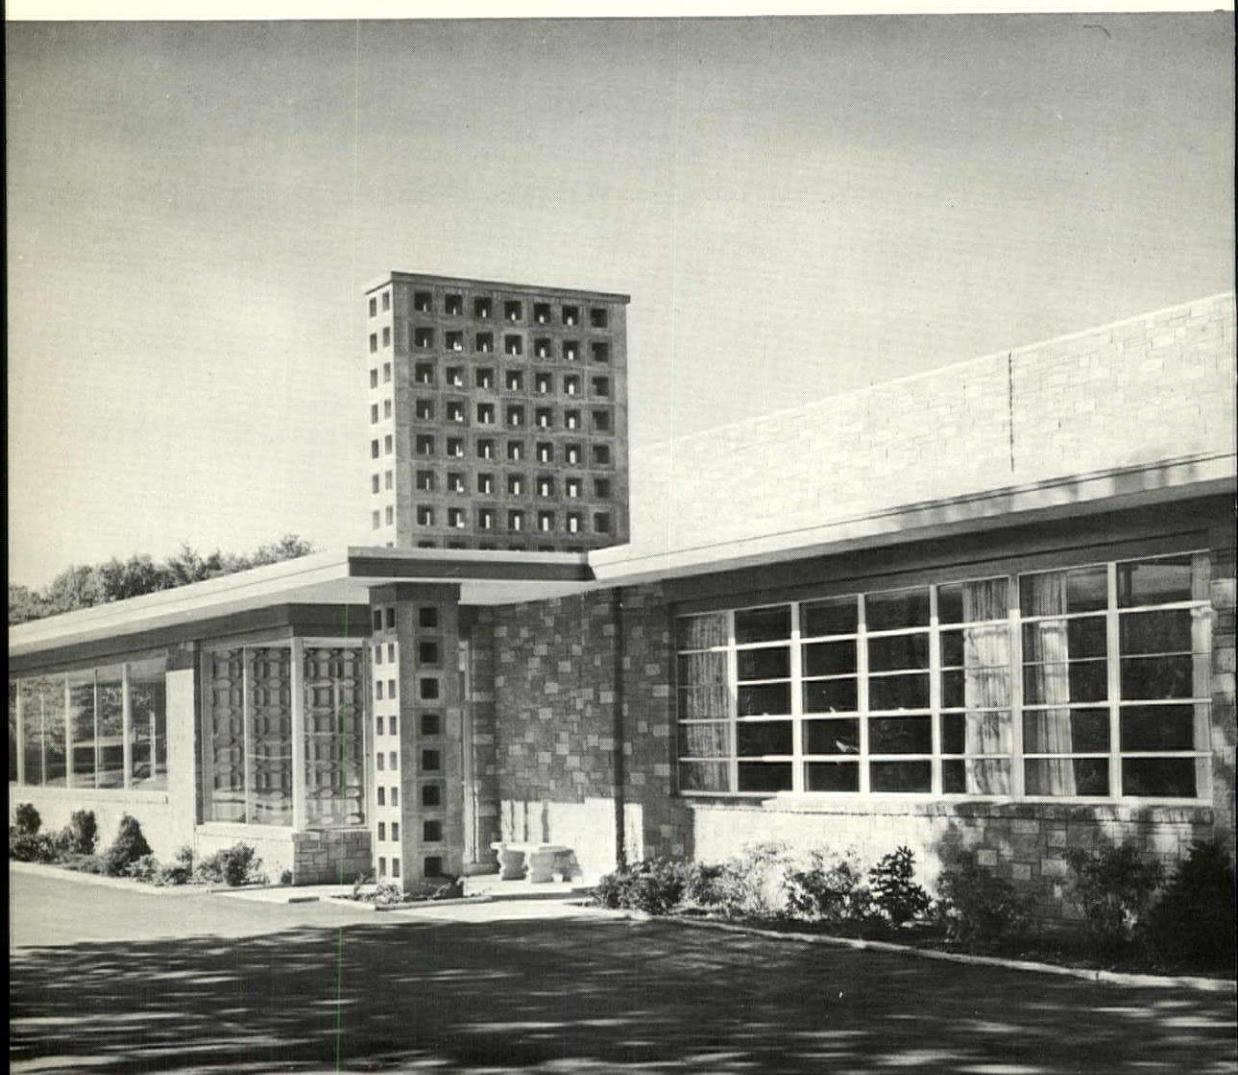

Originally it was planned to publish the Annual School Issue in November this year, but due to the fact that some members needed more time to prepare their material, the School Issue will be published in December.

However, copy, photos and plans must be ready for the printer not later than November 10.

Contracts Awarded for Future Construction

BOSTON—Contracts awarded for future construction in New Hampshire in August reached \$6,119,000 or seven percent below August 1955, James A. Harding, New England district manager of F. W. Dodge Corporation, stated.

According to Dodge Reports, individual August awards by major construction categories showed: total building classifications at \$5,566,000, down seven percent from August 1955; and in addition, heavy engineering at \$553,000, down five percent from the like month 1955.

The cumulative total award figure for the first eight months was \$59,635,000 or six percent above the comparable 1955 total. This was the second highest first eight months dollar volume Mr. Harding said.

Dunham Opens Office in Keene

Edward M. Dunham, Jr., for the past year associated with John R. Holbrook announces the opening of an office for the practice of architecture at 18 Center Street, Keene, N. H. He is a member of New Hampshire Chapter, A. I. A.

Mr. Dunham is a graduate of the University of Idaho with a B. S. in architecture.

Prior to coming to Keene a year ago Mr. Dunham was employed in the offices of J. Goodrich, Burlington, Vt., Stuart Frost at Greenwich, Conn., and the office of F. L. S. Mayers at Stamford, Conn.

For several years, Mr. Dunham was with the engineering department of the Gulf Oil Company subsidiary in Venezuela.

MARTIN-SENOUR Dual Service to ARCHITECTS

The Color Coordinator System

The Color Coordinator System is a positive system of color selection, specification and duplication in Paints. It consists of 497 colors, selected to provide maximum coverage of all color possibilities. This vast array of colors is arranged in handy chart form for quick matching, selection and creation of color harmonies. It is also available in actually painted 3" x 5" removable samples. Martin-Senour maintains a library of these color samples. Orders for individual color samples are promptly handled.

MARTIN-SENOUR Nu-Hue Colors

To tint the colors in the Coordinator System requires a minimum of elements—only 16 basic tinting colors are needed. Never more than three colors are used, and they are always combined in equal parts! The name of each color is its mixing formula too—easy to specify—easy for the contractor to achieve. Famous Nu-Hue Liquid Tinting Colors combined with Nu-Hue whites deliver the desired color in finest quality paint!

WOODSVILLE GUARANTY SAVINGS BANK

WOODSVILLE, NEW HAMPSHIRE

The new bank building now being constructed in Woodsville, N. H. by the Woodsville Guaranty Savings Bank is now taking shape with the exterior brick walls completed. This new building, which is next to their present quarters, will also house the Woodsville National Bank.

•

The exterior walls will have a brick facing on cinder block backing, furred on the inside and plastered. Partitions to be of cinder block, plastered. All first story ceilings will have acoustical tile. Bank counters and rails are to be of steel. Floor of public space to be of terrazzo, other floors of vinyl asbestos tile. The building will be completely air conditioned.

Participating in the construction of the new bank building were the following sub-contractors.

Heating, Ventilating and Plumbing—Scruggs Hardware, Woodsville.

Electrical—E. E. Bigelow, Littleton.

Hardware—(Russwin) Denison, Inc., Montpelier, Vt.

Structural Steel—Vermont Structural Steel Corp., Burlington, Vt.

Vault Doors and Vault Equipment—Mosler Safe Co., Boston, Mass.

Alarm System—Bankers Electric Protective Assn., Boston, Mass.

Plastering—P. H. McGranahan Co., Inc., Manchester.

Cement Blocks—Duracrete Block Co., Inc., Manchester.

Painting—MacArthur & Sons, Penacook.

Roofing—Major L. Rodd Co., St. Johnsbury, Vt.

Bricks—Densmore Brick Company, Lebanon.

Millwork—John F. Chick & Son, Silver Lake.

Architects

have long recognized the benefits derived from the timely, systematic interchange of information in the construction field. They find that this benefits their clients and all concerned . . . brings a wider range of bids . . . brings more complete news of new products, new trends, new techniques. And it saves much time that might otherwise be wasted on salesmen uninformed as to the architects' current interests.

This information, incorporated in Dodge Reports, is helpful to all firms in new construction. And it guides the right supplier's salesman to the right architect at the right time.

That's why for more than 65 years architects have found it good practice to provide their Dodge reporters with complete information about their work.
